

## REACH statement

18 January 2016

Dear Sir or Madam,

With this letter, we confirm that we continually check our products and their packaging in accordance with the REACH regulation 1907/2006 and the latest SVHC list.

Our products, which we supply to you, do not contain any substances listed in the above mentioned regulation in concentrations that are limited by the regulation, or which are subject to declaration.

The only exception are batteries in some of our products, which according to the battery manufacturer's information contain the unfortunately indispensable substances HBCDD (hexabromocyclododecane), or EGDME (1,2-dimethoxyethane). According to REACH regulation 1907/2006, these substances are subject to declaration.

We regard it as very important, to reassure that these substances do not pose any risk to health and environment if our products are properly used. The use of these substances is in accordance with the applicable statutory regulations.

Please contact us if you require further information.

Yours faithfully,  
Theben AG

Wolfgang Anders
